September 27, 2021

**To: Westgate CVI School Community,**

The Thunder Bay District Health Unit (TBDHU) has identified one COVID-19 case associated with Westgate CVI.

We are actively working with the school and Lakehead Public Schools to investigate and manage any potential exposures in the school and any related settings and identify close contacts.

Impacted individuals and families will be directly contacted by public health to provide further instructions. Anyone else in the school setting who is not specifically contacted by public health would not be considered at elevated risk .

As we learn more, additional actions will be taken as needed to manage the situation.

For further information about COVID-19 and schools, please refer to the TBDHU website: [TBDHU.com/stopgerms](https://tbdhu.com/stopgerms) and [TBDHU.com/safereturn\\_parents](https://tbdhu.com/safereturn_parents).

TBDHU encourages anyone who is eligible to be immunized with both doses of the COVID-19 vaccine. Please visit [TBDHU.com/VaccineFacts](https://tbdhu.com/VaccineFacts) for credible information on the vaccine and where to get vaccinated.

Sincerely,

Janet DeMille MD, FRCPC  
Medical Officer of Health  
Thunder Bay District Health Unit
