RE: BOARD LEADERSHIP DEVELOPMENT STRATEGY

1. Background

1.1 Lakehead District School Board is committed to strengthening “the culture of inclusiveness by enhancing the levels of student, staff, family and community engagement”. (Strategic Plan 2011-2014)

1.2 Succession planning and talent development “is about encouraging all in the system to see themselves as part of the leadership strategy. The focus is on attracting and developing passionate and skilled leaders who can effectively support student achievement and well-being” (Ontario Ministry of Education, 2011).

1.3 The Ministry of Education continues to provide funding to support Boards in the development of a leadership strategy.

2. Situation

2.1 Surveys are administered on a yearly basis to determine the professional development needs of various employees groups within the Board.

2.2 The Leadership Committee meets regularly throughout the year to plan professional learning and training opportunities for teaching and non-teaching employees. The focus of the Leadership Committee is to respond to the learning needs of employees and develop leadership capacity in all employee groups.

2.3 In August 2010, Leadership@LPS replaced the former Future Leaders Program in order to better align the components of the Ontario Leadership Strategy. The Future Leaders Program provided an excellent foundation for the Board Leadership Development Strategy. Currently, Leadership@LPS aims to develop leadership in all employee groups. Three programs of Leadership@LPS include:

2.3.1 Instructional Leaders: Employees who have an interest in instructional leadership.

2.3.2 Leaders in Non-Teaching Fields: Employees who have an interest in leadership.

2.3.3 Aspiring and Current Administrative Leaders: Employees who have an interest in administrative leadership.
The following chart outlines 2011-2012 membership in the Leadership@LPS program:

- Power of Four (Four Generations in the Workforce);
- Dispute Resolution;
- Conflict Management;
- Principal Performance Appraisal;
- Book Studies;

2.5 A mentoring program is offered to all new administrative leaders who are in their first two years of administration. Newly appointed leaders are paired with mentors fostering a reciprocal relationship. A Mentoring for Newly Appointed School Leaders Guide which is based on the Ontario Leadership Framework is being developed with feedback from program participants. The document will outline the yearly training program, processes and timelines (i.e. professional learning opportunities, mentees paired with mentors, survey of mentee needs, etc.).

2.6 The Leadership Framework was developed last year and continues to be implemented this year. An information session was held outlining the Framework and a session for aspiring administrative leaders called “VP, What’s It All About” was held in December, 2011.

2.7 The Principal Performance Appraisal (PPA) guideline was released in 2008-2009 and is “designed to ensure that school leaders are well supported in their development through targeted, system-wide strategies that provide formal and informal opportunities for feedback and ongoing professional learning” (Ontario Ministry of Education, 2009). The PPA continues to be implemented this year. All administrators will be evaluated once every five years.

2.8 To promote innovation and leadership skills, administrators in the Leadership@LPS Program were invited to participate in research projects that support the School Improvement Plan. Seven projects were approved and are currently underway.

2.9 Tuition assistance and course subsidies are provided for members who have signed up for the Leadership@LPS program.

2.10 Financial support has been provided for secretaries to attend the 2012 Northern Ontario Education Leaders (NOEL) Frontline Conference “Let’s Thrive, Not Just Survive!” in April 2012.

2.11 Funding is also provided for one employee to attend the Leadership Thunder Bay Program which “takes participants from all walks of life on a voyage of discovery in which they build leadership skills while gaining a broader understanding of the critical issues facing our community” (Leadership Thunder Bay, www.leadershiptb.com, 2012).
Lakehead District School Board is committed to the success of every student. The Leadership Committee recognizes the importance of supporting student achievement and well-being by fostering high quality leadership in all employees and positive relationships throughout the system.

RE: DAILY PHYSICAL ACTIVITY

1. Background

1.1 On October 6, 2005, the Ministry of Education issued Policy/Program Memorandum (P/PM) 138 Daily Physical Activity in Elementary Schools, Grades 1–8. By the end of the 2005-2006 school year, all elementary students were receiving at least twenty minutes of sustained moderate to vigorous physical activity each school day during instructional time.

1.2 Although P/PM 138 is only applicable to elementary students from Grades 1 to 8, school boards were asked to ensure that opportunities were provided for Kindergarten students to be physically active each day. The Ontario Physical and Health Education Association (OPHEA) Early Learning Resource assists Kindergarten teachers and early-learning teams with the implementation of the Full Day Early Learning Kindergarten Program, 2010-2011 (Draft Version), Health and Physical Activity learning area.

1.3 The Ministry provided Lakehead District School Board with $65,152.27 in 2005-2006 to support professional development for teachers, equipment purchases and resources for school administrators and teachers.

2. Situation

2.1 Lakehead District School Board has continued to support the implementation of Daily Physical Activity in the following ways:

- identified a Healthy Living teacher contact in each elementary school;
- had open forum discussions with all elementary administrators about supporting the delivery and achievement of the daily physical activity requirement;
- acquired resources, in addition to the resource guides provided by the Ministry, which have been distributed to all elementary teachers;
- provided information about school-based, as well as classroom-based, daily physical activity programs designed to achieve the Ministry’s requirement of twenty minutes of sustained physical activity;
- provided input to OPHEA in the development of the new OPHEA Health & Physical Education Curriculum Resources: Grades 1-8. These resources complement the Ontario Curriculum, Revised Interim Health and Physical Education, Grades 1 to 8 (2010) which became mandatory in 2010;
- collected information to inform planning and next steps for teacher support in the implementation of Daily Physical Activity.
2.2 Additionally, through the partnership with the Thunder Bay District Health Unit and Take Heart Schools, Lakehead District School Board has received resources and teacher training to support the delivery of the DPA requirement.

3. Next Steps

For the 2011-2012 school year, ongoing implementation of the DPA requirement will be supported as follows:

- provide school administrators and teachers with information about additional supports available through Ophea including training, multi-media support materials and other resources;
- consolidate training for teachers new to the Board;
- collect regular feedback from schools regarding issues or concerns related to the implementation of the DPA requirement.

4. Conclusion

Lakehead District School Board will continue to help support the development of healthy schools and communities that foster healthy active living for all students.

Respectfully submitted,

Director of Education
1. Background

1.1 Lakehead District School Board is committed to delivering programs that support the success of every student.

1.2 An initial Board report on secondary programs was presented on September 27, 2011. Report No. 116-11 outlined the guiding principles that are supported by Lakehead District School Board in the secondary program planning for all students. The report also indicated the need for short and long term recommendations to enhance program options and delivery.

1.3 This report identifies key 2012-2013 secondary programs that incorporate these short term recommendations.

2. Situation

2.1 Over the first semester of the 2011-2012 school year, secondary Principals, along with school and central staff, met to discuss and finalize our 2012-2013 secondary program calendars.

2.2 The guiding principles outlined in Report No. 116-11 were key to setting direction for these discussions. Additional information that was considered included:

- long term enrolment projections;
- organizational and statistical data pertinent to Lakehead District School Board’s secondary programs;
- current program delivery models, financial expenditures, Board and school improvement plans;
- 2012-2013 applications for additional programs;
- achievement and program selection data of students; and
- any other information deemed relevant to enhance understanding of how programs and opportunities are delivered within Lakehead District School Board.
3. **Outcomes**

3.1 As a result of ongoing commitment from both school and system staff, school course calendars for 2012-2013 continue to respond to the changing needs, interests and abilities of our students.

3.2 Secondary program highlights for 2012-2013 include:

- expanding our eight existing Specialist High Skills Majors programs to eleven;
- supporting flexible student programming by offering eight online learning opportunities at the senior level;
- continuing to offer innovative reach-ahead, experiential, alternative and dual credit programs that support student success;
- continuing our commitment to offer rigorous academic programming in Advanced Placement, French Immersion and the International Baccalaureate Programme; and
- continuing to reflect student voice and populations in program choices.

3.3 In addition to these short term program decisions, operational structures and timelines were reviewed to ensure they continue to support program planning and delivery.

4. **Next Steps**

With the short term secondary program decisions finalized for the 2012-2013 school year, it is anticipated that the Board will receive a final report outlining the long term secondary program recommendations by December 2012.

5. **Conclusion**

Specialized, innovative and exciting programs will continue to be available for all Lakehead District School Board students for the 2012-2013 school year and beyond. The Secondary Program Report guiding principles will provide strategic direction to ensure that secondary programs continue to be of the highest quality and support our commitment to enhancing student learning and engagement.

By consensus, the agenda was approved with the following additions:

- Item 7.2 – Kindergarten Registration and Video
- Item 5.4 – School Year Calendar
4. **Confirmation of Minutes – December 5, 2011**

   Gerry Leach inquired about the timing of the appointments of Community representatives and noted that the positions were vacant from November 15 to December 21, 2011. Kelly Gallagher confirmed that this occurred because of the implementation of the new by-laws and the situation shouldn’t happen in future years.

One correction was noted and Lori Lukinuk was added as a guest at the December 5, 2011 meeting.

The minutes were confirmed by consensus.

5. **Education Success Workshop**

   Director Siemieniuk shared additional information about an advertised workshop to be held in Thunder Bay in February. She reported that the cost per registrant is $850 and that no other Boards in the region have expressed an interest in attending. Based on the information provided, attendance at the workshop will not be pursued further.

6. **School Climate Surveys**

   Charles Bishop, Education Officer, provided background information on pilots that ran in two schools two years ago. Initial findings showed that the process was cumbersome and the decision was made to move to an electronic format. Electronic surveys ran in schools from October to December 2011 and addressed equity and inclusive education, and bullying and intervention. Examples of the electronic surveys and results were shared. Concerns were expressed about inconsistent rollout to parents and input was provided to improve the process for future surveys.

   The survey findings will be shared with School Councils and used for school improvement planning, and the Board will incorporate the findings into the Board Improvement Plan. Charles will be invited to a future meeting to share the survey findings.

7. **2011-2012 Funding Applications**

   Director Siemieniuk reported that applications for $750 funding were received from both AEAC and SEAC. By consensus, both applications were approved. AEAC will use the funds for translation of selected website text from English to Ojibwe syllabics. SEAC will use the funds in partnership with the Equity & Inclusive Education Strategy to host a presentation for parents/guardians/community entitled *Raising Resilient Children* with speaker Dick O’Brien on May 8, 2012. PIC’s support will be publicly acknowledged in both of these initiatives. Letters will be sent to AEAC and SEAC Chairs advising the committees of their successful applications. Reports will be requested from both committees when the funding has been spent.

8. **School Year Calendar 2012-2013**

   Susie Splett reported that she attended a School Year Calendar meeting on December 19, 2011. All but one date on next year’s calendar has been decided. Susie sought input from members as to whether the normally scheduled year-end PA Day should remain on June 28, 2013 or if it should be held in September 2012. Views on the topic were split. The next meeting of the School Year Calendar committee will be held January 19. Susie will report further at the next PIC meeting.

Sheila Stewart spoke to the following items from the minutes:

- **Item 7 – People for Education Annual Conference** – Information from the conference held in November 2011 will be distributed as soon as possible.
- **Item 8 – Fall Event Feedback** – Sheila inquired about the communiqué that was to be sent to School Council Chairs and Principals. Kelly responded that it will be sent out shortly.

Kelly encouraged members to provide any additional feedback through the link on the Board website at [http://www.lakeheadschools.ca/corporate/default.aspx?id=1263](http://www.lakeheadschools.ca/corporate/default.aspx?id=1263) or by email to Kathryn Hantjis. The deadline for input is February 1, 2012.

11. **Communications Strategy Follow-up**

Bruce Nugent, Communications Officer, presented information about the tip sheet campaign including plans for printing, distribution and advertising. The tip sheet will be distributed through The Source, and via Canada Post to Armstrong and Collins, and will be posted on the Board website. He invited other suggestions for distribution and suggestions were provided. Suggestions were also made for additions to the information on the tip sheet. PIC will be acknowledged in all publications.

The remaining $2,000 has been allocated for a PIC display. At the next meeting, Bruce will provide samples based on members’ suggestions.

12. **Kindergarten Registration and Video**

Bruce Nugent, Communications Officer, reported that Kindergarten registration week will be held from February 6 to 10, with an information night for interested parents at the Valhalla Inn on February 6 and school information nights on February 8. The new video was viewed by members. Plans for distribution of the video include posting it on YouTube. Additional suggestions were provided for video distribution.

A PIC booth will be set up for the information night on February 6. Kelly Gallagher will email members for expressions of interest to volunteer at the event. Miranda Myers put her name forward to volunteer.
13. **2011-2012 Work Plan**

OFFICE OF THE DIRECTOR OF EDUCATION

2012 MAR 27
Report No. 040-12

TO THE CHAIR AND MEMBERS OF
THE LAKEHEAD DISTRICT SCHOOL BOARD – Public Session

RE: BUS TRANSPORTATION FINAL CONTRACTS FOR 2011-2012

1. Background

1.1 Lakehead District School Board’s transportation contracts were based on a formal procurement process and negotiated efforts with the coterminous board and service providers. References to changes in the 2011-2012 contract amounts refer back to the previous year.

1.2 The intent of this report is to provide information to the Board as to the final audited 2011-2012 contract amounts. According to Policy, the final audited transportation contract amounts, must be presented annually to the Board for ratification.

2. Contract Changes

2.1 With respect to the 2011-2012 contracts, Lakehead District School Board was able to secure a rate schedule freeze on the two thirds of non-tendered routing for fixed costs, salaries, and maintenance expenses.

2.2 Utilization of the MapNet computer program for automated route planning increased the daily distance by 190 km/day to a daily distance total of 12,768 km.

2.3 Fuel – The 2011-2012 transportation funding formula contains a Fuel Escalator/De-Escalation Clause to help provide additional funding stability despite market volatility of fuel prices. The Ministry of Education has pegged fuel funding price at $0.957 per liter, plus or minus three percent. If fuel prices are above or below this spread in any month within the fiscal year, a funding adjustment will apply.

2.4 The application of the 2011-2012 rate schedule results in the following monthly contract amounts (less HST):

<table>
<thead>
<tr>
<th>MONTHLY PAYMENT x 10 ($)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>First Student</td>
<td>264,697</td>
</tr>
<tr>
<td>Iron Range Bus Lines</td>
<td>227,152</td>
</tr>
<tr>
<td>Mintenko/Bertrand Bus Lines</td>
<td>6,568</td>
</tr>
<tr>
<td>TOTALS</td>
<td>$498,417</td>
</tr>
</tbody>
</table>
3. Contract Analysis

It is also important to note that service levels and safety standards have been maintained through initiatives such as:

- The First Rider Program;
- Installation of video cameras on school buses;
- Annual driver evaluations;
- Installation of reflective tape on the outside of all school buses;
- Installation of crossing arms on the front of all school buses;
- Requirement of five annual safety meetings for every driver; and
- CPR, First Aid Training, and safety retraining for all drivers.

4. Conclusion

4.1 The changes to this year’s bus contract rates allows Lakehead Public Schools to continue to provide safe, high quality transportation services to students in Thunder Bay and surrounding region.

4.2 Audited route information, based on the 2011-2012 negotiated rate schedule and tendered amounts, has concluded. Contract totals are now final.

RECOMMENDATION

It is recommended that Lakehead District School Board approve the following transportation contracts in the amount of $498,417 monthly for the 2011-2012 school year as outlined in Report No. 040-12.

RE: 9020 LIBRARY RESOURCE POLICY

1. Background

1.1 The Library Resource Policy 9020 was scheduled for review and was to be placed on the Board’s website for constituent input on March 8, 2012.

1.2 The policy was originally developed in 1990, and was last reviewed in 1995.

2. Situation

2.1 The policy itself is outdated and no longer meets the needs of the school community.

2.2 The policy and procedures are very prescriptive, which was intended to support and meet the requirements of an educational program that has undergone rapid changes since.

2.3 A new policy and procedures is needed that is reflective of the current situation, and can be the foundation to manage these dynamic times.

2.4 A committee has been created to look at the purpose and function of libraries into the future which consists of Education Centre staff, a school administrator, a Program Co-ordinator and four Information Service Technicians to look at rewriting the policy and procedures.

3. Next Steps

3.1 Because the committee has an elementary school focus, a similar committee consisting of secondary school representatives needs to be established for input into the policy and procedures.

3.2 Once the policy and procedures have been developed, the draft policy will be placed on the website for constituent input, and presentations will be made to various Board committees to obtain their feedback.

4. Conclusion

4.1 Technology is rapidly modifying the nature and significance of information.

4.2 It is important that the policy is reflective of current times, but also is flexible enough to allow adaptation to what the future will present.
RECOMMENDATION

It is recommended that Lakehead District School Board defer the review of the Library Resource Policy 9020 until the 2012-2013 school year, allowing input and feedback to be received on the new draft policy.
