

Section Fifteen

Accessibility of School Buildings

Section 15

ACCESSIBILITY OF SCHOOL BUILDINGS

Each year Lakehead District School Board is in compliance with AODA (Accessibility for Ontarians with Disabilities Act) and improvements to accessibility of schools and buildings is detailed within our annual accessibility plan. The plan can be accessed at our website www.lakeheadschoools.ca , click on “Board” and then “Accessibility”.

In our attempt to become barrier-free, SEAC has identified attitudinal barriers that people face and is working in conjunction with various committees to identify actions to address this.

We are awaiting new building codes regulations in order to plan for any necessary accessibility requirements.
