SHSM Requirements

SHSM study provides senior (Grades 11 and 12) students with the opportunity to focus their high school education based on individual interests and aptitude. **Major sector-specific credits, cooperative education in the sector, English, Mathematics, Science or Business**, and, in most cases, additional credits in specified subjects complete the graduation requirement of 30 credits.

Certifications and Training are an important part of the SHSM. Sector-specific certifications and training are provided free of charge to ensure students are prepared.

Hands-on (experiential) learning activities, reach-ahead opportunities (post secondary goals) and the completion of one of **ICE (Innovation, Creativity, and Entrepreneurship), Mathematical Literacy or Coding** complete the SHSM requirements. Students who complete the program will have an SHSM seal of distinction on their graduation diploma.
