**LAKEHEAD DISTRICT SCHOOL BOARD**

**CELEBRATING STUDENT ACHIEVEMENT**

School: Sir Winston Churchill C&VI

Title of Initiative: Come as You Are

<b>Components of Initiative</b>	<b>School's Details</b>
1. Description of the nature of the initiative to improve student achievement	The Come as You Are Project was developed to provide our grade 9 students with a positive transition to high school. Engaging students and staff in creating a more welcoming and inclusive environment leads to students who are more likely to feel confident and more connected to their school.
2. Rationale for selecting the initiative	Provincial evidence identifies the transition from grade 8-9 as a critical factor impacting a student's likelihood to graduate. This period is described as "a time of being and a time of becoming" where young people struggle to create their social, emotional and academic identities. It is during times of transition that youth are most likely to engage in risk taking behavior such as alcohol and drug misuse, truancy and other dangerous activities. Evidence strongly supports the critical role of school play during this period. Studies such as Dr. King's Double Cohort study indicate that a supportive environment where students feel comfortable and connected limit risk taking behavior and foster student success. The intention of this project - a partnership between Sir Winston Churchill CVI, the Thunder Bay District Health Unit and the Drug Awareness Committee - was to create an environment where all students feel they belong and can be successful.
3. Intended outcomes of the initiative related to improved student achievement	<p>The objectives of this project are to:</p> <ul style="list-style-type: none"> <li>• Review the effectiveness of the current grade 9 transition strategies</li> <li>• Seek input from students which will be used in the development of a grade 9 transition plan</li> <li>• Implement a transition campaign grounded in evidence and student voice which helps students successfully transition to secondary school</li> <li>• Engage students in leadership opportunities while creating partnerships with community groups and agencies</li> </ul>

4. Description of the data used	The pilot project was successful in improving measures of school connectedness among grade 9 students starting high school. Among the intervention group all measures of connectedness increased between 9% – 30%. 18.6% of grade 9 students among the intervention group reported feeling unwelcome or uncomfortable, compared to 39.7% of those among the comparison group.
5. <b>Brief</b> description of the significant activities or strategies involved with the initiative	<p>The Come as You Are project used a multi-faceted approach to increase student success. The initiative included:</p> <ul style="list-style-type: none"> <li>• Student focus groups, surveys and workshops to identify student needs and concerns and develop a plan to meet these needs</li> <li>• Modification to the registration process to include greater use of profiles in timetabling and scheduling</li> <li>• “Come as you are” marketing campaign and video to welcome students to high school</li> <li>• Creation of an ambassador program where senior students mentor grade 9s through leading teambuilding activities in homeroom classes</li> <li>• Development of a grade 9 survival guide and student friendly map which provided tips and suggestions for being successful at high school</li> <li>• Hosting a grade 9 breakfast and retreat where students had the opportunity to meet other grade 9s in a non-academic setting.</li> </ul>
6. <b>One or two</b> highlights of the above activities	Two highlights that the project illustrated are that the concerns students have coming into grade 9 are fairly universal (getting lost, not making friends and being “freshied”). Through the initiative, these concerns were easily mitigated to help students feel more comfortable in secondary school. Another highlight was the power of peer mentoring. This project demonstrated the positive impact that student mentors can have on a school environment.
7. Description of any unexpected results or “moments of serendipity” related to the initiative	The focus groups revealed some surprising results and suggestions which were implemented for the 2013-2014 school year. Some of these include printing a map on the back of grade 9 student timetables and inviting them into the school to find their classes before the first day so they can find their classes. Another surprising moment was the how keen senior students were to become involved in the ambassador program. The students are very proud of their school and wanted to share that with new students and even offered to come in for an afternoon of training in the summer.

<p>8. Description of <b>one or two</b> interesting findings that would be useful or helpful to other schools</p>	<p>The program was very dynamic and school specific. We would recommend hosting focus groups with students to evaluate your current practices and identify strengths and weaknesses. For example, our students identified that the map we used was not helpful and actually caused more stress in some situations. This led to the development of a student friendly map which is given to each student and displayed through the school. The other aspect is we would encourage schools to include significant opportunity for relationship building in grade 9 classes before initiating the academic press. This was facilitated with the support of the Thunder Bay Heath Unit and student ambassadors.</p>
<p>9. Identification of <b>one or two</b> noteworthy hurdles or stumbling-blocks</p>	<p>One hurdle that needed to be overcome was finding the balance between the activities intended to help ease transition and teaching curriculum and content. Teachers embraced this program and were able to tailor the aspects of the “Come as You Are” initiative to augment the curriculum components of their class.</p>
<p>10. Next steps in pursuing the initiative</p>	<p>The second round of the initiative is being implemented for the 2013-2014 school year. Next steps have included:</p> <ul style="list-style-type: none"> <li>• Greater training for ambassadors</li> <li>• Expansion of the program to include greater opportunity for grade 9 team building</li> <li>• The development of resources for staff</li> <li>• Modifications to the grade 9 registration process (additional feeder school meetings, map with timetable, etc)</li> </ul>
<p>11. Lessons learned about the school’s efforts to improve student achievement</p>	<p>This project clearly illustrated the importance that a supportive and welcoming environment plays in student success. The data collected through surveys and focus groups indicated that students who were involved in the “Come as you are” initiative were more connected to the school than those who did not participate in the program. We are confident that this will lead to a decrease in risk taking behavior and an increase in overall student success.</p>

LAKEHEAD DISTRICT SCHOOL BOARD

**MINUTES OF STANDING COMMITTEE**

Board Room  
Jim McCuaig Education Centre

2013 JUN 11

**TRUSTEES PRESENT:**

Karen Wilson (Chair)  
Marg Arnone  
Pat Johansen  
Lori Lukinuk

Deborah Massaro  
Ron Oikonen  
Jack Playford  
George Saarinen  
Rheanna Kendrick (Student Trustee)

**SENIOR ADMINISTRATION:**

Catherine Siemieniuk, Director of Education  
Colleen Kappel, Superintendent of Education  
Ian MacRae, Superintendent of Education  
Sherrilynne Pharand, Superintendent of Education  
David Wright, Superintendent of Business

**FEDERATION/UNION REPRESENTATIVES:**

Jeff Upton, OPC

**PUBLIC SESSION:**

1. Approval of Agenda

Moved by Trustee Johansen

Seconded by Trustee Arnone

*"THAT the Agenda for Standing Committee Meeting, June 11, 2013, be approved."*

**CARRIED**

2. Resolve Into Committee of the Whole – Closed Session

Moved by Trustee Saarinen

Seconded by Trustee Arnone

*"THAT we resolve into Committee of the Whole – Closed Session with Trustee Wilson in the Chair to consider the following:*

- *Confirmation of Committee of the Whole – Closed Session Minutes*
  - *May 14, 2013*
- *Negotiations*

- *Financial Matter*

*and that this meeting shall not be open to the public pursuant to Section 207 (2) of the Education Act as amended.”*

CARRIED

COMMITTEE OF THE WHOLE – CLOSED SESSION:

3. Committee of the Whole – Closed Session items were dealt with in their entirety.

PUBLIC SESSION:

4. Trustee Character Awards – WE Stand Up Student Committee

Trustee Lukinuk, on behalf of the Board, presented Reegan Bushby and Lindsay Campbell, Hammarskjold High School students, Ankur Shahi and Logan Turner, Sir Winston Churchill Collegiate and Vocational Institute students, Emmarie Leeson, Superior Collegiate and Vocational Institute student, and Meghan Payment, Westgate Collegiate and Vocational Institute student, with the Trustee Character Award. Unable to attend the award presentation were Jennifer Brooks and Jacqueline Dyck, Hammarskjold High School students, and Lexi Zamojski, Westgate Collegiate and Vocational Institute student. The students received their award for facilitating the WE Stand Up student conference held on May 6 at the Thunder Bay Community Auditorium.

5. Trustee Character Awards

Trustee Massaro, on behalf of the Board, presented Sharla Brown, Keynote Events, Catherine Forbes, Lakehead District School Board, Clint Harris, The Chronicle Journal, and Bruce Nugent, Lakehead District School Board, with the Trustee Character Award. Ms. Brown, Ms. Forbes, Mr. Harris, and Mr. Nugent received their award for their support, expertise, and guidance to the WE Stand Up Student Committee.

6. Celebrating Student Achievement – Edgewater Park Public School

Sherri-Lynne Pharand, Superintendent of Education, introduced Evelyn Thomson, Principal of Edgewater Park Public School. Ms. Thomson introduced Kim Boardman, Grade 1 teacher, who presented information regarding *OWA – Ontario Writing Assessment*. Successes identified included: literacy and numeracy, assessment tools, student achievement, and next steps. All Trustees' questions were addressed.

7. Confirmation of Minutes

Moved by Trustee Saarinen

Seconded by Trustee Arnone

*“THAT the Standing Committee approve the Minutes of the Standing Committee Meeting, May 14, 2013.”*

CARRIED

8. Student Transportation Services of Thunder Bay Committee Meeting Report

Trustee Saarinen, the Trustee representative on the Student Transportation Services of Thunder Bay Committee, presented a verbal report highlighting the information

addressed at the May 21 Student Transportation Services of Thunder Bay Committee meeting. Information will be left in the Trustees' Lounge for perusal. The next Student Transportation Services of Thunder Bay Committee meeting will take place in the Fall.

9. Communications Update (065-13)

Catherine Siemieniuk, Director of Education, introduced Bruce Nugent, Communications Officer, who presented the report. Highlights included: effective communications, staff and student successes, parent engagement, websites and social media, practices, video productions, advertising/marketing, WE Stand Up, and next steps. All Trustees' questions were addressed.

10. Parent Involvement Committee Meeting Minutes – May 7, 2013

Catherine Siemieniuk, Director of Education, presented the May 7, 2013 meeting minutes for information.

MATTERS FOR DECISION:

11. 8062 Voluntary Aboriginal Student Self-Identification Policy (066-13)

Moved by Trustee Saarinen

Seconded by Trustee Playford

*“THAT Lakehead District School Board approve 8062 Voluntary Aboriginal Student Self-Identification Policy as amended, Appendix A to Report No. 066-13.”*

CARRIED

12. Policy Development – 8065 Voluntary Aboriginal Staff Self-Identification Policy (067-13)

Moved by Trustee Johansen

Seconded by Trustee Arnone

*“THAT Lakehead District School Board approve Voluntary Aboriginal Staff Self-Identification Policy 8065, Appendix A to Report No. 067-13.”*

CARRIED

13. 2013 to 2021 Policy Review Schedule (064-13)

Moved by Trustee Saarinen

Seconded by Trustee Massaro

*“THAT Lakehead District School Board approve the 2013 to 2021 Policy Review Schedule, Appendix A to Report No. 064-13.”*

CARRIED

14. Information and Inquiries

14.1 Trustee Oikonen requested information pertaining to an investigation that took place at Kakabeka Falls District Public School. David Wright, Superintendent of Business, responded that Administration conducted an investigation regarding the 2010-2011 and 2011-2012 milk fund.

- 14.2 Trustee Saarinen informed the Board that he attended the Age-Friendly Thunder Bay Committee meeting on June 11. Trustee Saarinen presented the Board with the Age-Friendly Thunder Bay Senior Charter plaque which will be left in the Trustees' Lounge for perusal.
- 14.3 Trustee Playford reported that he attended Westgate Collegiate and Vocational Institute's Commencement Exercises held on June 5 and Hammarskjold High School's Commencement Exercises held on June 6.
- 14.4 Trustee Lukinuk noted that as a member of the Board of Directors of Ontario Physical Health and Education Association (OPHEA), she participated in media interviews pertaining to the Ministry of Education releasing the elementary and secondary Physical and Health Education curriculum.
- 14.5 Trustee Saarinen reported that he and Trustees Arnone, Johansen, Massaro, Catherine Siemieniuk, Director of Education, Colleen Kappel, Superintendent of Education, Charles Bishop, Education Officer, and Amy Farrell-Morneau, Aboriginal Community Liaison Officer, attended the Thunder Pride Anti-Homophobia Awareness Breakfast held on June 10.
15. Adjournment

Moved by Trustee Saarinen

Seconded by Trustee Johansen

*"THAT we do now adjourn at 9:18 p.m."*

CARRIED

LAKEHEAD PUBLIC SCHOOLS  
OFFICE OF THE DIRECTOR OF EDUCATION

2013 SEP 10  
Report No. 084-13

TO THE CHAIR AND MEMBERS OF THE  
STANDING COMMITTEE – Public Session

RE: REPORT ON THE ACTIVITIES OF THE 2012-2013 SUPERVISED ALTERNATIVE  
LEARNING (SAL) COMMITTEE

1. Background

- 1.1 In accordance with the Education Act of Ontario Regulation 374/10, the Board shall establish a Supervised Alternative Learning (SAL) Committee.
- 1.2 The role of the SAL Committee is to accept and consider applications from parents/guardians of compulsory secondary school age children, who are at least fourteen (14) years of age, and who wish to be excused from either full-time or part-time attendance at school. Where such applications are approved, the SAL Committee, in consultation with a representative(s) from the student's home school, the Attendance Counsellors, and the student's parent/guardian, determines an alternative learning program directed towards the student's needs and interests.
- 1.3 During the 2012-2013 school year, members of the committee included:
  - Trustee Jack Playford;
  - Trustee Alternate Deborah Massaro (December 2012-June 2013);
  - Trustee Alternate Marg Arnone (September 2012-December 2012);
  - Colleen Kappel, Superintendent of Education;
  - Charles Bishop, Education Officer, (Alternate);
  - Ric Windsor, Assistant Director of YES Employment Services; and
  - Kendra Perry, Service Delivery Manager of YES Employment Services (Alternate).

2. Situation

- 2.1 Ten SAL meetings were held during the 2012-2013 school year. One hundred and twenty six applications were considered. One hundred and twelve were approved. Of these, 17 went on to participate in a community based pilot program incorporating both academics and work place readiness in partnership with YES Employment Services.
- 2.2 Thirteen applications were received for fourteen year old students, including eleven females and one male. The number of students utilizing this alternative program continues to increase yearly (see comparison chart below). Nineteen applications were received for fifteen year old students, including eleven females and eight males. The remaining applications received were for sixteen and seventeen year old students.

2012-2013 Academic Year

Gender	14 & 15 Year Old Students	16 & 17 Year Old Students
Females	22	18
Males	9	16

Snapshot of previous years for approved SAL applications:

YEAR	2007/08	2008/09	2009/10	2010/11	2011/12	2012/13
Applications	15	69	40	65	77	112

- 2.3 The types of SAL programs approved for students are indicated in the chart below. The total number is not a reflection of individual students but rather the fact that students' programs could include a number of areas. (ie. a student who was working may have also been gaining volunteer credits at the same time.)

	EMPLOY INDEP	HOME STUDY	PART TIME SCHOOL	VOLUNTEER	SAL Pilot/Other	Total Credits Generated	TOTAL
2012/13	21	29	36	31	18	67.5	135
2011/12 Initial Placement	25	17	12	3	18	60	77

\*\* "OTHER" category may include community-based programs such as counseling and private educational programs.

- 2.4 September 2013 status: The chart below accounts only for those students who returned to school during second semester and/ or indicated that they wanted to renew their SAL program in September 2013. There are a number of students who have left Lakehead District School Board due to age or other uncontrollable factors.

Females Returning to SAL	Males Returning to SAL	Females returning to school full time	Males returning to school full time	Number of students identified as not returning or as other	TOTAL
7	4	24	24	16	75

3. Conclusion

The Board's Supervised Alternative Learning Committee will continue to monitor and seek to understand students' needs for alternative learning experiences and counseling, while ensuring that students are placed in a program which will afford them success during this transitional period. Connection to the home school is vital during a student's enrolment in the SAL program.

Respectfully submitted,

GLEND A CARLETON  
Attendance Counsellor South Side Schools

MARIANNE BERNER  
Attendance Counsellor North Side Schools

COLLEEN KAPPEL  
Superintendent of Education

CATHERINE SIEMIENIUK  
Director of Education

LAKEHEAD PUBLIC SCHOOLS  
OFFICE OF THE DIRECTOR OF EDUCATION

2013 SEP 10  
Report No. 082-13

TO THE CHAIR AND MEMBERS OF  
STANDING COMMITTEE – Public Session

RE: 2013-2014 OPERATIONAL PLAN

1. Background

On an annual basis, Senior Administration develops an Operational Plan that reflects the strategic direction set by the Board.

2. Situation

Senior Administration met with key staff to review and renew the current Operational Plan. The Operational Plan 2013-2014 supports the areas of major emphasis in the Board's Strategic Plan and is aligned to the Board Improvement Plan for Student Achievement.

3. Conclusion

The Operational Plan is a living public document that will be widely shared and communicated with internal and external stakeholders. Staff will ensure that school and department plans are aligned to the actions outlined. Regular update reports will be brought forward to the Board as information reports through the school year.

Respectfully submitted,

CATHERINE SIEMIENIUK  
Director of Education

LAKEHEAD PUBLIC SCHOOLS  
OFFICE OF THE DIRECTOR OF EDUCATION

2013 SEP 10  
Report No. 085-13

TO THE CHAIR AND MEMBERS OF  
THE STANDING COMMITTEE - Public Session

RE: POLICY REVIEW – 3096 INFORMATION/COMMUNICATION TECHNOLOGY USE

1. Background

- 1.1 On June 26, 2007 the Information/Communication Technology Use Policy 3096 was revised.
- 1.2 At the September 25, 2012 Regular Board Meeting, the Information/Communication Technology Use Policy 3096 was approved for review during the 2012-2013 school year as part of the policy development and review cycle.
- 1.3 At the May 28, 2013 Regular Board Meeting, the Board approved an extension to the policy review timelines.
- 1.4 On May 31, 2013, the draft policy and procedures were posted on the Board website and distributed to constituent groups for review and comment with input to be received by June 28, 2013.

2. Situation

- 2.1 The draft policy was presented to the Success Advisory Committee, Special Education Advisory Committee, Parent Involvement Committee and Aboriginal Educational Advisory Committee and their input was incorporated into the new policy and procedures.
- 2.2 The revised policy is attached as Appendix A and the procedures as Appendix B.
- 2.3 Upon final approval, the policy will be distributed according to Board procedures.

## RECOMMENDATION

It is recommended that Lakehead District School Board Approve 3096 Information/Communication Technology Use Policy as amended, Appendix A to Report No. 085-13.

Respectfully submitted,

DAVE COVELLO

Manager of Information Technology and Corporate Planning

ANDREW KEENE

Principal of McKellar Park Central Public School

SHERRI-LYNNE PHARAND

Superintendent of Education

DAVID WRIGHT

Superintendent of Business

CATHERINE SIEMIENIUK

Director of Education

<b>BUSINESS AND BOARD ADMINISTRATION</b>	<b>3000</b>
<b>DRAFT – SEPTEMBER 10, 2013</b>	
<b>INFORMATION/COMMUNICATION TECHNOLOGY USE POLICY</b>	<b>3096</b>

1. Rationale

Information **and communication** technology plays a significant role in teaching and learning and in the administration of Board business.

Technology has changed the educational environment in many positive ways. These technologies also bring challenges to maintaining a safe, caring and orderly learning environment. This policy serves as a basis for ensuring technology is used appropriately and to the benefit of students and employees.

2. Policy

It is the policy of Lakehead District School Board to recognize the use of information technologies as productivity enhancement tools by Board students ~~staff~~ and employees in support of teaching and learning and Board related business activities.

3. Guiding Principles

Lakehead District School Board supports and encourages responsible use of technology through the following guiding principles.

3.1 Supporting Learning

Information technology presents an opportunity for students and teachers to enable authentic learning experiences that interact with the ~~outside world~~ **global community** and encourage students to be lifelong learners.

3.2 Digital Citizenship

Users are expected to use technology responsibly and ethically. The Board will ensure students learn about digital citizenship in school.

3.3 Equity

The Board will ensure that all students have equitable access to all required technologies.

3.4 Privacy and Ownership

All data stored on Board technology are owned and may be accessed by the Board. Users should have no expectation of privacy with respect to information created, stored, sent or received using Board technology.

<b>BUSINESS AND BOARD ADMINISTRATION</b>	<b>3000</b>
<b>DRAFT – SEPTEMBER 10, 2013</b>	
<b>INFORMATION/COMMUNICATION TECHNOLOGY USE POLICY</b>	<b>3096</b>

3.5 Security

Users must take reasonable precautions to ensure that data they use is safe and secure. Data should be used for the intended purposes.

3.6 Compliance

Users are required to comply with federal and provincial legislation and all related Board policies and procedures.

4. Failure to Comply

Individuals who do not comply with this policy will be subject to appropriate consequences in accordance with the circumstances of the event and within the parameters of any applicable legislation.

5. Review

This policy shall be reviewed according to Policy Development and Review Policy 2010.

<u>Cross Reference</u>	<u>Date Approved</u>	<u>Legal Reference</u>
Procedures 3096	June 24, 2003	
	<u>Date Revised</u>	
	June 26, 2007	

**BUSINESS AND BOARD ADMINISTRATION****3000**

DRAFT – SEPTEMBER 10, 2013

**INFORMATION/COMMUNICATION  
TECHNOLOGY USE PROCEDURES****3096**1. Policy

It is the policy of Lakehead District School Board to recognize the use of information **and communication** technologies as productivity enhancement tools by Board staff and students in support of teaching and learning and Board related business activities.

2. Definitions

## 2.1 Technology

Technology resources include but are not limited to computers, ~~cellular/mobile phones~~, **mobile devices**, servers, networks, Internet services, computer applications, data, and email and collaboration tools.

## 2.2 User

A user is any individual granted authorization to access Board technology. User may include students, parents/guardians, employees, volunteers, visitors, contractors or individuals employed by service providers.

## 2.3 Cyber-bullying

~~Cyber-bullying is bullying by electronic means.~~

**Cyber-bullying is the repeated use of email, cell phones, social media, text, internet and web sites to threaten, harass, embarrass, socially exclude or damage reputations or friendships.**

Cyber-bullying includes:

- creating a web page or blog in which the creator assumes the identity of another person;
- impersonating another person as the author of content or messages posted on the Internet; and
- communicating **negative** material electronically to more than one individual or posting **negative** material on a website that may be accessed by one or more individuals.

(Policy/Program Memorandum No. 144 released by Ministry of Education, December 5, 2012)

**BUSINESS AND BOARD ADMINISTRATION****3000**

DRAFT – SEPTEMBER 10, 2013

**INFORMATION/COMMUNICATION  
TECHNOLOGY USE PROCEDURES****3096**3. Guiding Principle #1

## Supporting Learning

Information technology presents an opportunity for students and teachers to enable authentic learning experiences that interact with the ~~outside world~~ **global community** and encourage students to be lifelong learners.

Board technology is provided for educational and administrative purposes; technology should be used for these intended purposes. Users should use technology resources responsibly and not waste resources.

## 3.1 Prohibited uses of Board technology include, but are not limited to:

- personal use that is not ~~limited and/or~~ occasional **or interferes with productivity;**
- use that violates federal or provincial laws;
- use for commercial or political party purposes;
- use that contravenes Board or school policies or procedures;
- theft of resources including electronic data theft;
- attempts to circumvent any measures that the Board may take to restrict access **and protect data;**
- unauthorized access, alteration, destruction, removal and/or disclosure of data; this includes Board email addresses, distribution lists and user account information;
- displaying, storing, sending or creating fraudulent, harassing, sexually explicit, profane, obscene, intimidating, defamatory or otherwise inappropriate or unlawful material;
- ~~cyber-bullying; including repeated use of email, cell phone, social media, text, internet and web sites to threaten, harass, embarrass, socially exclude or damage reputations and friendships;~~
- copying, downloading, transferring, renaming, adding or deleting information protected under copyright law;

<b>BUSINESS AND BOARD ADMINISTRATION</b>	<b>3000</b>
<b>DRAFT – SEPTEMBER 10, 2013</b>	
<b>INFORMATION/COMMUNICATION TECHNOLOGY USE PROCEDURES</b>	<b>3096</b>

- use that could reasonably be expected to impair the Board’s computing facilities or interfere with others’ use of Board technology (e.g. knowingly transmitting a virus or spam); and
- agreeing to license or download material for which a fee is charged to the Board without obtaining express written permission from the Board’s Information Technology staff. Purchasing of materials and services must comply with all procurement policies and procedures.

3.2 Technology resources are shared and limited. Users must use resources responsibly and should not waste resources. The Board reserves the right to limit any activity that consumes a high level of resources that may impact Board services or other users (e.g. file storage, bandwidth, Internet access).

3.3 Personal materials not relevant to educational and administrative purposes will not be stored on Board servers or services.

4. Guiding Principle #2

Digital Citizenship

Users are expected to use technology responsibly and ethically. The Board will ensure that students learn how to become good digital citizens.

- 4.1 The Board has a responsibility to ensure that schools provide the instruction necessary to use technology responsibly and ethically. This includes where, when, and how the use of social media is appropriate and what constitutes cyber-bullying.
- 4.2 Teachers will permit the use of personal electronic devices for academic purposes where their use does not conflict with current classroom activities. Students will be encouraged to Bring Your Own Device (BYOD) (Appendix A) to enhance the learning experience.
- 4.3 Online and digital resources will be incorporated into teachers’ lessons.
- 4.4 Students will accept all terms and conditions of the Lakehead District School Board network and internet use (Appendix B).

**BUSINESS AND BOARD ADMINISTRATION****3000**

DRAFT – SEPTEMBER 10, 2013

**INFORMATION/COMMUNICATION  
TECHNOLOGY USE PROCEDURES****3096**5. Guiding Principle #3

## Equity

The Board will ensure that all students have equitable access to all required technologies. This includes providing access to devices for those students who cannot bring their own to school, as well as ensuring sufficient bandwidth to schools regardless of their location.

6. Guiding Principle #4

## Privacy and Ownership

All data stored on Board technology are owned and may be accessed by the Board. Users should have no expectation of privacy with respect to information created, stored, sent or received using Board technology.

6.1 Data stored on Board technology, including email, electronic files and information in computer systems, are Board property and may be reviewed, monitored and accessed by authorized individuals as required. Data is also subject to relevant legislation and may be accessed through Freedom of Information requests.

6.2 Information stored on personally owned devices is the responsibility of the device owner/user. However, personally owned devices on Board property which are used for displaying, storing, sending or creating fraudulent, harassing, sexually explicit, profane, obscene, intimidating, defamatory or otherwise inappropriate or unlawful materials will result in a full investigation and necessary action will be taken where appropriate.

6.3 The Board collects data to assist in monitoring the health and usage of systems. Examples include network, application and internet access logs. These logs may be reviewed periodically.

7. Guiding Principle #5

## Security

Users must take reasonable precautions to ensure that data ~~use~~ **access and storage are** is secure and safe. Data should be used for the intended purposes.

7.1 Staff are provided access to data in order to perform their roles.

7.2 Data may include, but is not limited to, student records, employee records, confidential assessments, and other personal information.

<p><b>BUSINESS AND BOARD ADMINISTRATION</b></p> <p>DRAFT – SEPTEMBER 10, 2013</p> <p><b>INFORMATION/COMMUNICATION TECHNOLOGY USE PROCEDURES</b></p>	<p><b>3000</b></p> <p><b>3096</b></p>
---	---------------------------------------

- 7.3 Users are responsible for managing their accounts and passwords that provide access to data and to any personal device that accesses or holds Board data. Users must not disclose their passwords to any unauthorized persons.
- 7.4 Users must exercise reasonable care to ensure the safety of the data entrusted to them. All confidential data not held on Board owned servers must be fully encrypted. This applies to all confidential data stored on Board and personally owned computers. The storage of confidential Board data on ~~the Internet~~ **servers not owned by the Board** is strictly prohibited without prior approval by the appropriate Superintendent.
- 7.5 Users will not connect devices to the wired **or wireless** network without prior Board approval.
- 7.6 Users must comply with all security measures implemented by the Board. Users are responsible for implementing appropriate security measures such as virus scanning on personally owned devices that hold or access Board technology.
- 7.7 Remote access or wireless access to Board resources is only permitted through the Board's approved infrastructure. Users will not attempt to by-pass the Board's security.

8. Guiding Principle #6

Compliance

Users are expected to comply with all federal and provincial legislation and all related Board policies and procedures.

- 8.1 The storage of unlawful materials on Board property or premises is strictly prohibited. Board resources may not be used in any manner to create, store, send, display or make available to others ~~materials~~ that contravenes federal or provincial laws or regulations.
- 8.2 ~~In addition,~~ Users must comply with the school Code of Conduct and adhere to the principles of academic integrity.
- 8.3 Users must comply with any restrictions on access to the Board's technology resources.
- 8.4 Personal materials not relevant to educational and administrative purposes will not be stored on Board servers. The Board may impose retention periods for various ~~information classes~~ **types of data**, either temporarily or permanently.

## **BRING YOUR OWN DEVICE (BYOD)**

### 1. Rationale

Lakehead District School Board supports the use of personal electronic devices at school under the direction of teachers in order to engage students and enhance learning experiences.

### 2. Definitions

Personal electronic devices (PEDs) include, but are not limited to:

- cell phones ( including smart phones);
- video capture devices and cameras;
- iPods and other audio/video players;
- personal gaming systems;
- laptop computers, including tablets (iPad, Playbook, etc.); and
- emerging technologies.

### 3. Guidelines

#### 3.1 Use of Technology

Technology continues to change the world in which we live in many positive ways. The Board recognizes the benefits of the use of technology such as:

- 3.1.1 promoting adaptive and constructive uses of technology by students and staff in support of learning;
- 3.1.2 supporting openness to, and the educated use of, new and future technologies;
- 3.1.3 improving instruction through purposeful use of personal electronic devices (PED) that contributes to teaching and learning; and
- 3.1.4 supporting individual learning plans for some students for whom they are a requirement in their IEP.

#### 3.2 Learning and Teaching Environments in Schools

The use of some technology has also brought challenges related to safety, privacy, and disruption in schools. The Board supports the use of PEDs at school to engage students and enhance learning experiences. The Board will allow students to bring their own PEDs to school, provided they adhere to the follow expectations:

- 3.2.1 students are not required to provide personal communication and/or computing devices for educational purposes;
- 3.2.2 the Board will ensure that all students have equitable access to all required technologies;
- 3.2.3 personal electronic devices (PEDs) must be **off/in** silent mode in instructional areas ~~during instructional periods~~ **unless otherwise directed by the teacher/supervisor**;
- 3.2.4 unless approved by department chairs, personal electronic devices are not allowed in examination rooms or areas;
- 3.2.5 the use of personal electronic devices is subject to the expectations in Lakehead District School Board policies and procedures such as: 8070 Safe Schools System Expectations, 3096 Information/Communication Technology Use, and 8071 Bullying Prevention and Intervention; and
- 3.2.6 Principals have the authority to restrict the use of personal electronic devices in schools. Inappropriate use of PED's ~~may cause student use to be suspended~~ **will be governed by the school Code of Conduct**.

- 3.3 Responsibility for Personal Electronic Devices:
- 3.3.1 students carrying a personal electronic device on Board premises, including school buses or at Board sponsored events, will comply with all of the requirements of this policy and procedures;
  - 3.3.2 the secure storage of these devices is the sole responsibility of the owner/user;
  - 3.3.3 the Board does not accept responsibility for lost or stolen personal electronic devices or data residing on those devices. Students bring the devices to school at their own risk;
  - 3.3.4 to ensure equitable access, schools will provide devices for teachers to sign out for students use;
  - 3.3.5 the electronic transmission or posting of photographic, video or audio images or sounds of a person or persons on school property, at school events, and during school activities, is prohibited without the express permission of the person or persons being photographed, their parent/guardian, and/or the Principal or designate. The Authorization to Release Photographic Image form must be completed; and
  - 3.3.6 the student and parent/guardian will be required to sign an annual declaration outlining the student responsibility for Personal Electronic Devices.

## BRING YOUR OWN DEVICE

Technology has changed the educational environment in many positive ways, and we are embracing those changes here at Name of School. However, these technologies also bring new challenges to maintaining a safe, caring and orderly learning environment, one that maximizes the benefits while minimizing the negative impact of technology.

### Electronic Devices

Personal electronic devices include, but are not limited to:

- cell phones (including smart phones);
- video capture devices and cameras;
- iPods and other audio/video players;
- personal gaming systems;
- laptop computers, including tablets (iPad, Playbook, etc); and
- emerging technologies.

### The Learning Environment

The Board supports the use of personal electronic devices at school to engage students and enhance learning experiences. We will be allowing students to bring their own personal electronic devices to school, provided they adhere to the expectations outlined in this policy:

- personal electronic devices must be in silent mode in instructional areas during the instructional periods;
- devices are not to be used in the classroom setting without express permission by the classroom teacher;
- the use of personal electronic devices should reflect the expectations in Lakehead DSB: e.g. Code of Conduct, Character Education including policies 8070 Safe Schools System Expectations, 3096 Information/Communication Technology Use and 8071 Bullying Prevention and intervention; and
- principals have the authority to restrict the use of personal electronic devices in schools. Inappropriate use of PEDs, ~~may cause student use to be suspended~~ **will be governed by the school Code of Conduct.**

### Responsibility for Personal Electronic Devices

- All students bringing personal electronic devices to school will adhere to the requirements of this policy.
- The secure storage of these devices is the sole responsibility of the owner/user.
- Lakehead DSB does not accept responsibility for lost or stolen personal electronic devices; students bring the devices to school at their own risk.
- The school will provide devices for teachers to sign out for student use during appropriate lessons – students are NOT REQUIRED to provide their own device, but may do so if they wish.
- The electronic transmission or posting of photographic, video or audio images or sounds of a person or persons on school property, at school events, and during school activities, is prohibited without the express permission of the person or persons being photographed, their parent/guardian and/or the Principal or designate. The Authorized to Release Photographic Image form must be completed.
- The Principal may authorize permission to use these devices on certain occasions, e.g. to photograph or video a sporting event.

✂ clip and return ✂

I hereby grant permission for my child \_\_\_\_\_ to bring his/her personal electronic device to school. We have discussed this policy and he/she has agreed to adhere to the expectations outlined within.

## **Technology Use Standards for Students**

The purpose of Information and Communication Technology in schools is to support research and education by providing access to extensive resources. These Technology Use Standards along with the School's Code of Conduct provide standards to help students exercise personal discretion and responsible choice. The use of technology based equipment, computers, personal electronic devices, network resources and the Internet is a privilege.

### **Responsibilities of Students**

Students are accountable for behaviour on and off school property, which has negative impact on the school environment, including but not limited to behaviour which greatly harms the tone or dynamic of the school or the safety or security of its members.

Where a student uses the Internet or electronic devices or technologies to threaten, harass or demean another member or members of the school community, and where this action interferes with the member's or members' feeling of safety or ability to function in the school, the student shall be subject to Board policies and procedures.

### **Code of Conduct for Users of Information and Communication Technology**

1. All individuals should be treated with common courtesy and respect, therefore:
  - I will not use abusive language of any type, including swearing and name-calling;
  - I will follow the rules of Internet etiquette, which include the use of appropriate language and polite responses; and
  - I will not use Internet access to send threatening, obscene or harassing materials;
  - ***I will not participate in cyber-bullying which includes the repeated use of email, cell phones, social media, text, internet and web sites to threaten, harass, embarrass, socially exclude or damage reputations or friendships.***
2. The Internet, as with any place where large numbers of people gather, can be a potentially dangerous place; therefore:
  - I will not share my password with anyone else;
  - I will not divulge my home address, phone number or personal information;
  - I will not agree to a personal encounter with anyone I meet online;
  - should I access information that is inappropriate, I will report it immediately to my teacher/supervisor;
  - I understand that electronic mail is not guaranteed to be private; and
  - I will not engage in email or "chat" discussions, or make use of other wireless technologies while at school, without permission from the classroom teacher/supervisor.
3. Software and intellectual property is protected by copyright laws; therefore:
  - I will not make unauthorized copies of software found on school computers;
  - I will not give, lend or sell copies of software to others; and
  - I will not use another author's intellectual property without proper citation, i.e., footnote, bibliography.

4. The work of all users is valuable and they need reliable access to computers; therefore:
  - I will respect the privacy of others by not using, or trying to learn their passwords;
  - I will not copy, change or use files belonging to another student;
  - I will not attempt to gain unauthorized access to system programs or computer equipment;
  - I will not create or knowingly introduce any computer virus that may destroy files or disrupt the system; and
  - I will not download any resources without permission.
  
5. There is material available on the Internet and other sources of computer software that is not appropriate in a school setting; therefore:
  - I will not retrieve or send unethical, illegal, immoral, inappropriate or unacceptable information of any type; and
  - I will not use computer systems to disturb or harass other computer users by any means, including sending unwanted email.
  
6. The computer and Internet services provided by the Board are designed for the use of all students and employees; therefore:
  - I will not interfere with or disrupt Internet users, services, traffic or equipment; and
  - I will not attempt to bypass the security built into the system, and I recognize that doing so will result in immediate loss of computer privileges.

## Information Technology Use Standards

### 1. ~~Unacceptable and Prohibited Uses~~

~~The use of any form of electronic communication such as e-mail, chats or newsgroups without an educational task/focus/issue constitutes inappropriate behaviour.~~

~~Prohibited use includes, but is not limited to:~~

- ~~• uses which constitute harassment on the basis of sex, race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, age, record of offences, marital status, family status, disability, sexual orientation or gender identification;~~
- ~~• uses related to political lobbying or commercial activities such as the unsolicited distribution of advertising material and sale of products and services;~~
- ~~• uses which encourage the use of controlled substances or the use of the system for the purpose of inciting crime;~~
- ~~• sending e-mail or other electronic communications which hides the identity of the sender or represents the sender as someone else; and~~
- ~~• vandalism, including but not limited to, the creation or passing of computer viruses, which is a federal offense and could be subject to prosecution.~~

~~Unacceptable uses of electronic networks and information systems include the following:~~

- ~~• uses that violate federal or provincial laws (including licensing and copyright laws);~~
- ~~• uses that unduly interfere with the work of other users or computer systems, or that seriously disrupt the network, or that result in the loss of a user's work or system; and~~
- ~~• uses that violate published acceptable use guidelines of network service providers or remote computing sites.~~

### 2. ~~Personal Security~~

~~Users will not knowingly share their user accounts.~~

### 3. ~~Inappropriate Language (including graphics)~~

~~Restrictions against inappropriate language (including graphics) apply to public or private messages and posted materials:~~

- ~~• users will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening or disrespectful language;~~
- ~~• users will not engage in personal attacks, including prejudicial or discriminatory attacks;~~
- ~~• users will not engage in any form of harassment as described in Policy 7030, Harassment and Human Rights;~~
- ~~• users will not knowingly or recklessly post false or defamatory information about a person or organization; and~~
- ~~• users will not post private information about another person.~~

**4. ~~Respecting Resource Limits~~**

- ~~Users will use the system for educational, professional or career development activities.~~
- ~~Users will not download files or install software or data files unless authorized.~~
- ~~Users will not post chain letters or engage in “spamming” (sending an annoying or unnecessary message to a large number of people).~~
- ~~Users will check their e-mail and delete unwanted messages promptly.~~

**5. ~~Inappropriate Access to Material~~**

~~Users shall not use the Board’s system to access material that is profane or obscene (e.g. pornography), that advocates illegal or dangerous acts, or that advocates violence or discrimination towards other people (e.g. hate literature). Board employees may access the above material only in the context of legitimate research and upon consultation with the appropriate supervisor.~~

~~Users will immediately notify the computer site administrator if they have identified possible security or safety issues. Users will not engage in activities which may be construed as an attempt to gain unauthorized access.~~

## LAKEHEAD DISTRICT SCHOOL BOARD TECHNOLOGY USE AGREEMENT FOR STUDENTS

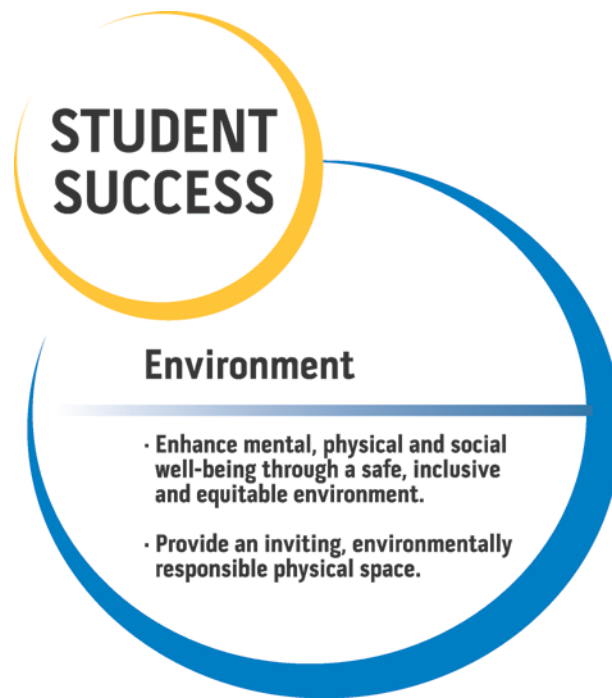

<b>Student Name:</b> <i>(please print)</i>	<b>SCHOOL:</b>
<b>Parent/Guardian:</b>  <i>Please sign below and return this page to your child's school.  The terms and conditions outlined on the previous pages should be kept for future reference.</i>	
<p>As the parent/guardian of this student, I have read the student version of the Technology Use Standards document and reviewed it with my child. I understand that student Internet access is designed for educational purposes only. I understand that all data, files and messages generated on, or handled by, Board systems and equipment are considered to be the property of the Board, and as such can be viewed or inspected by authorized Board personnel. I also recognize it is impossible for the Board to restrict access to all controversial materials and I will not hold it responsible for inappropriate materials acquired by my son/daughter on the Internet.</p> <p>The administrative or academic staff of the Board may deny, revoke or suspend specific user access.</p>	
<b>PARENT/GUARDIAN:</b>	
I hereby give permission for my child (if under 18 years of age) to access the Internet in the school.
