### OFFICE OF THE DIRECTOR OF EDUCATION

2025 SEP 09 Report No. 080-25

TO THE CHAIR AND MEMBERS OF THE BOARD ADVISORY COMMITTEE – Public Session

### RE: KINGFISHER OUTDOOR EDUCATION CENTRE REPORT

### 1. Background

- 1.1 Lakehead District School Board (LDSB) recognizes the importance of outdoor experiential environmental learning for all students. The Kingfisher Outdoor Education Centre (Kingfisher) provides high quality education where students are able to extend learning beyond the classroom and engage in practical application of skills.
- 1.2 Kingfisher learning aligns with the LDSB Strategic Plan and the Indigenous Education Framework. The outdoor education student program is committed to providing an environment where everyone belongs and supports the principles of relationality, relevance, respect and responsibility. As stated in LDSB 6022 Kingfisher Outdoor Education policy "every effort will be made to include all students for participation in Kingfisher programs".

### 2. Situation

- 2.1 Learning at the Kingfisher offers a unique context for curriculum linked, outdoor experiential learning opportunities. Programming for students focuses on key areas such as canoeing, orienteering, hiking, cross country skiing, snowshoeing, climate change, orientation to the Boreal Forest, water studies, ecosystems, the earth's physical and biological systems, and the critical connection of the environment to all living things.
- 2.2 Students in Grades 1 to 12 visit the site and have access to the instructional buildings, a science and kitchen space, and several out buildings. Students and staff who participate on an overnight experience stay in well maintained cabins.
- 2.3 Kingfisher Outdoor Education Centre meets expectations of accessibility, including ramps into main teaching buildings and accessible washrooms. The infrastructure exists to support the safety and well-being of students. Lakehead District School Board and Kingfisher staff strive to provide a space and programming which meets the needs of all learners.

### 3. Update

- 3.1 During the 2024-2025 school year Kingfisher hosted approximately 3000 students between September and June.
- 3.2 There were approximately 150 day trips and 35 overnight trips to Kingfisher during the 2024-2025 school year.
- 3.3 Secondary students who visit the site acquire and build on knowledge and skills by participating in activities such as orienteering, canoeing, benthic study and climate change hikes. Students participate in team-building and leadership activities in addition to outdoor recreation and environmental learning programs.
  - 3.3.1 Students who are part of the Kendomang Zhagodenamnon Lodge (KZ Lodge) frequently spend time at Kingfisher connecting to the land and one another. Indigenous student leadership remains a priority for LDSB and KZ Lodge teachers, in partnership with the Thunder Bay Indigenous Friendship Centre.
  - 3.3.2 Student leadership groups regularly schedule times during the school year to travel to Kingfisher Outdoor Education Centre where they participate in team-building and activities to strengthen and develop skills and positive relationships. A focus on mental-health and well-being is emphasized along with leadership and relationship building.
  - 3.3.3 Students in Special Education programs enjoy annual outings to Kingfisher. Students attend either for the day, or for an overnight two-day experience. The focus is on connecting and well-being.
  - 3.3.4 Lakehead Adult Education Centre and Alternative Education sites visit the centre each year providing opportunities for students to try new activities such as cross-country skiing or snowshoeing while they build friendships outside the traditional classroom learning environment.
  - 3.3.5 Secondary students studying science, geography, physical education or who are part of the Environmental Specialist High Skills Major program extend their classroom learning to include rich and active experiences at Kingfisher such as orienteering, canoeing, benthic study, and climate change hikes.
  - 3.3.6 International students from all three secondary schools participate in team building and an orientation to the Boreal Forest. The outcomes of this visit include connection between learners and comfort in a new learning environment.
  - 3.3.7 Many elementary students visit Kingfisher annually for a day trip due to the rich and meaningful connections to the classroom curriculum. Students explore life cycles and discover the amazing adaptations of the boreal forest as they meet expectations related to Ontario Science and Technology curricula.

- 3.3.8 The overnight program at Kingfisher is a rite of passage for many Lakehead Public School (LPS) elementary school students. The trip is an opportunity for students to develop critical-thinking skills, problem-solving skills and relationship building tools. Students are supported in learning "real life skills" and work together to problem solve through challenges.
- 3.4 Community partners play an important role at Kingfisher Outdoor Education Centre. Staff invite Indigenous community partners to share knowledge, cultural teachings and guidance and are able to connect to Indigenous histories, cultures and perspectives in the natural environment at Kingfisher Lake. Community partners, Elders and Knowledge Keepers work with staff and students to encourage connections to each other and all living things. Partners such as Confederation College, Lakehead University, and the Ministry of Natural Resources often support student learning at Kingfisher.
- 3.5 Site upgrades and maintenance ensure the physical structures of Kingfisher exist for generations of learners. This includes the instructional buildings, cabins, science/kitchen site and several out-buildings. Kingfisher Outdoor Education Centre provides equipment, supplies, and ensures that all students are equipped and supported for time spent outdoors.

### 4. Next Steps

- 4.1 Expand access to land-based learning for all students, recognizing its importance in experiential and outdoor education and its foundational role in Indigenous teaching and learning approaches.
- 4.2 With a commitment to Reconciliation, and upholding our strategic plan,
  Lakehead Public Schools will hire a Land-Based Learning Instructor to
  strengthen cultural and community connection at Kingfisher and within school
  communities.
- 4.3 Kingfisher Outdoor Education Centre staff will continue to work with community partners and LPS programs such as Alternative Education, Four Directions, KZ Lodge, International Student program and Special Education programs identifying barriers and to ensure equitable access to the centre for all students system wide.
- 4.4 Kingfisher Outdoor Education Centre staff will continue to participate in training to ensure safety and to expand programming for students at LDSB.

### 5. <u>Conclusion</u>

Lakehead District School Board remains committed to making informed decisions that support the achievement and well-being of all students. Kingfisher Outdoor Education Centre continues to promote and provide student experiential learning opportunities and land based learning opportunities supporting environmentally knowledgeable and responsible students who have an appreciation for the world around them.

Respectfully submitted,

KELLY HENDERSON Kingfisher Outdoor Education Centre Lead

JANE LOWER

### OFFICE OF THE DIRECTOR OF EDUCATION

2025 SEP 09 Report No. 079-25

TO THE CHAIR AND MEMBERS OF THE BOARD ADVISORY COMMITTEE – Public Session

## RE: REPORT ON THE ACTIVITIES OF THE 2024-2025 SUPERVISED ALTERNATIVE LEARNING COMMITTEE

### 1. <u>Background</u>

- 1.1 In accordance with the Education Act of Ontario Regulation 374/10, the Board shall establish a Supervised Alternative Learning (SAL) committee.
- 1.2 The role of the SAL committee is to accept and consider applications from parents/guardians/caregivers of compulsory secondary school age children, who are at least 14 years of age and who wish to be excused from either full-time or part-time attendance at school. Where such applications are approved, the SAL committee, in consultation with a representative(s) from the student's home school and the student's parent/guardian/caregiver, determines an alternative learning program directed towards the student's needs and interests.
- 1.3 During the 2024-2025 school year, members of the committee included:
  - Donica Leblanc, Trustee;
  - Trudy Tuchenhagen, Trustee (Alternate);
  - Jane Lower, Superintendent of Education;
  - Kathleen Andrews, Student Success Lead, SAL Committee Chair;
  - Lorna Hunda, Executive Director, Youth Employment Services (YES);
  - Stacy-Ann Dyer-McNish, Service Delivery Manger, YES; and
  - Tom Nesti, Program Supervisor, YES.

### 2. <u>Situation</u>

- 2.1 Eight SAL meetings were held during the 2024-2025 school year. Forty applications were considered and approved.
- 2.2 In June 2025, the SAL committee chair met with each school team to consider SAL placements for the 2025-2026 school start up. At that meeting, plans for students presently enrolled in SAL were considered, and appropriate recommendations for students' success were made. For most students, the recommended placement involved either a return to regular day school or referral to an alternative program (LAPS) for September 2025.

2.3 Eleven applications were received for 14- and 15-year-old students (four female and seven males). Twenty-nine applications were received for 16- and 17-year-old students (14 females, 14 males, and one non-binary).

### 3. Report on Activities Conclusion

Lakehead District School Board's SAL committee will continue to monitor and seek to understand students' needs for alternative learning experiences and counselling, while ensuring that students are placed in a program which will afford them success during this transitional period of their lives. Connection to the home school is vital during a student's enrolment in the SAL program.

### OFFICE OF THE DIRECTOR OF EDUCATION

2025 SEP 9 Report No. 082-25

TO THE CHAIR AND MEMBERS OF THE BOARD ADVISORY COMMITTEE – Public Session

### RE: <u>DIRECTOR PERFORMANCE APPRAISAL AD HOC COMMITTEE</u>

### 1. Background

- 1.1 Lakehead District School Board (LDSB) has had a strong performance appraisal policy for the director of education since February 2022 and has annually reviewed the performance of the director of education.
- 1.2 In March 2024, the Ministry of Education passed legislation regarding the director of education performance review process.
- 1.3 In June 2024, LDSB updated its policy for the Director Performance Appraisal (DPA) to align with the Ministry legislation

### 2 Situation

- 2.1 Lakehead District School Board is required to establish a committee of no fewer than three and no more than seven members, plus the LDSB chair and vice chair, to conduct the annual performance appraisal for the director of education.
- 2.2 One member shall be elected by the majority of the committee to act as its chair and one as vice-chair.

### **Recommendations:**

The Board Advisory Committee recommends the adoption of the following motions:

1.	"That Lakehead District School Board appo Appraisal Ad Hoc Committee; and	int all Trustees to the Directo	or Performance
2.	That Lakehead District School Board appoin	nt Trustee	as chair and
	Trusteeas vice-chair of the	Director's Performance Appl	raisal Ad Hoc
	Committee for the 2025-2026 school year."		

Respectfully submitted,
